

Grout Float 10062

Finishing Float 62413

The 9" x 4" Grout Float forces grout in between tiles for complete coverage. This grout float features a foam pad. The contoured, rigid, plastic handle and durable aluminum back plate makes this float easy to use. The 4 1/2" x 9 1/4" Red Rubber Finishing Float is ideal for fine textured finishes on concrete, plaster and stucco. Its design has a thick natural sponge pad and ergonomic wooden handle that together provide durability, resistance and comfort to perform efficient work with movements that require precision. The rough texture of the sponge structure allows to have textured finishes on surfaces.
