side of a bucket

COMFORT
Co-molded plastic handle
with non-slip, rubber grip for
comfortable repeat use

**TOUGH
STEEL BLADE**
for long lasting use

**SPREADS THIN-SET
IN CHALLENGING SPACES**

The QEP® 6" x 2" Comfort Grip Margin Trowel easily fits into mixing buckets and should be used to scoop and spread material, such as thinset and adhesive, in hard to reach areas. The non-slip, rubber grip reduces job fatigue for comfortable, repeat use. Crafted from tempered and hardened steel, this margin trowel is designed for long lasting use like underneath toe kicks and cabinets.
